# What Sellers and Buyers Need to Know

## Sellers:

The number of contracts written and closings decreased again last month. Active inventory also dropped slightly, but it typically picks up after the first of the year, thus creating more competition. Remember, “pretty homes” sell faster and for more money...have your home in tip-top shape to secure the best offer(s) from potential buyers.

## Buyers:

Interest rates had an unexpected decrease last month and FHA loan limits have increased. More listings will start entering the market as we come into our peak season. It is still considered a seller's market, so you will often get a good price or good terms (concessions/contingencies), but rarely both. Be prepared to write your offer accordingly.

# Thank You!

We hope you have found this report beneficial. Although it provides a general overview of the market, it won't take the place of a knowledgeable real estate professional. Please contact us for area-specific market data or for information about buying or selling a home.
